ECOMAX Cogeneration systems

<http://www.gruppoab.com>

Complete Modular Cogeneration Systems
Full system responsibility including maintenance

<http://www.andritz.com/separation/se-products.htm>

Dewatering: Centrifuge, Belt Press, Screw Press
Thickening: Gravity Belt, Rotary Drum, Centrifuge
Drying: Drum, Belt, Paddle, Fluid Bed
Screening: In-Channel Perforated Plate, MBR Screen

CSO and Storm water flow control systems
Vacuum tank and sewer flushing systems

www.bioconservacion.com

Engineered carbon and adsorbents for air filtration
Odor & corrosion protection, Biogas conditioning

solutions for water quality

<http://www.blueingreen.com>

Advance Gas Dissolution systems (O₂, O₃, CO₂) for
oxygenation, aeration, pH adjustment, corrosive gas &
odor control and advanced disinfection.

CMI ENVIRONMENT

<http://www.cmigroupe.com/cmi-europe-environnement>

Multistage Chemical Scrubbers for Odor Control
Organic and Inorganic media Biotrickling and Biofilters -
Activated Carbon Adsorption Towers
Recov'ammonia™ Ammonia Recovery Systems
H₂S, NH₃, CO₂, and VOC Stripping Systems

Water Control Gates

TECHNICS GMBH

<http://iseaquanox.com/slide-gates.aspx>

Stainless Steel: Slide Gates, Bulkheads, Weir Gates, Stop
Plates, Flap Gates, Portable flood protection systems

WASTE WATER Solutions

<http://www.huber-technology.com>

Sludge Treatment: Dewatering, Thickening, Screening, Drying
Septage Receiving Stations: Septage and Gully Waste treatment
Screening: Rotamat®, Deep Channel, Membrane Protection
Grit Treatment: Separation, Classification, Washing
Energy: Thermwin® Heat Recovery System

Plant Manager Plus

Complete Cloud Based Plant Management software
DMR Reporting and Asset Management programs

SULZER (NH & ME Only)

<http://www.sulzer.com>

Sulzer – ABS Submersible Pumps & Mixers and Blowers

<https://www.torishima.co.jp/en/>

End-suction Pumps, Double-suction Pumps,
Vertical mix flow Pumps, Horizontal split case
pumps

and
